SUMMARY

Hello, my name is Hadi Gunawan and I am a fresh graduate from University of Pamulang majoring Informatics Engineering, I have work experience for approximately 2 years. Tech-savvy, I have enthusiasm to have a career in the data field for instance: Data Analyst, Data Scientist etc, but do not rule out opportunities in other fields. Eager to learn and adapt to a new technology tools or method used.

EXPERIENCE

Retention and Winback, Myrepublic ID

Aug 2018 - July 2020

- Make outbound call to costumers who have a disconnected status of subscription in order to minimize the occurrence of churn, using **customer data from CRM** (customer and **target oriented**)
